Labour will bring our country together.

Theresa May and the Tories are in chaos and our country is in crisis.

Whether you voted leave or remain, this election is your chance to vote Labour and tell the Tories you are fed up with their divisive austerity policies and incompetent government.

A better deal with Europe

The Tories' chaotic handling of Brexit has left our country in crisis. UK jobs and industry are at risk.

Labour would keep a close relationship with the EU that protects workers' rights and environmental standards.

If we can't get changes to their bad deal or a general election, Labour backs the option of a public vote.

Invest in our economy

Nearly a decade of reckless and unnecessary cuts have devastated our communities. Labour has a plan to rebuild our economy for the many, not the few.

Labour will set up regional development banks to invest in a high-skill, high-wage economy in every part of the country.

with this divisive and incompetent Tory government.

Investment in local services

The Tories have recklessly savaged local communities through nine years of unnecessary cuts. Labour will invest in our public services again.

Labour will put 10,000 bobbies back on the beat, get class sizes down and give the NHS the money, doctors and nurses it needs.

A future that's fair

Our country has never been more unequal. Labour will make this country a fair one where everyone gets a share of the rewards.

Labour will invest in new affordable homes to rent and buy, invest in elderly care and make Britain a fairer, more equal society.
